

KS1 Maths WB 16/11/20

This week, we have decided to teach an extra week on addition and subtraction to give the children time to practise and consolidate their skills. So this week we are not following the White Rose resources.

Here is an outline of what we will be doing for if working at home this week:

	Year 1	Year 2
Monday 16 <sup>th</sup>	Practise adding pairs of single digit numbers and writing addition number sentences.	Practise adding pairs of 2-digit numbers – do some using column method and some adding on the ones and then the tens on a number line.
Tuesday 17 <sup>th</sup>	Practise subtracting pairs of single digit numbers and writing subtraction number sentences.	Practise subtracting pairs of 2-digit numbers – do some using column method and some counting back the ones and then the tens on a number line.
Wednesday 18 <sup>th</sup>	Solve missing number problems. Do page 1 of Missing Numbers sheets	Solve missing number problems. Do page 2 or 3 of Missing Numbers sheets and extra with larger numbers if appropriate.
Thursday 19 <sup>th</sup>	Solve word problems involving addition and subtraction. Do page 1 of Word Problems	Solve word problems involving addition and subtraction. Choose appropriate page from Word Problems
Friday 20 <sup>th</sup>	Assessment – Hot Task
