

This week we begin our new topic of Advent.

Children will begin by revising the meaning of Advent (a time of preparation for the coming of Jesus- we remember his birth and think of when He will come again).

Your child can draw and label an Advent Wreath, showing the meaning behind the different colours and materials traditionally used then write an Advent promise- something extra/ different they are going to try to do to bring them closer to God in the run up to the Feast of Christmas.
