

Miss Townley's Class Maths Homework

Name: _____

Week given 16.11.2020 – These are some of the things we will be looking at in our Maths set this week. Here are some questions for you to practise at home and return next Monday (23.11.2020).

Write the fraction shown by each shape.

Complete the table to show the equivalent fractions and decimals. The first two have been done for you. You can use the place value grid to help.

Decimal	Fraction
0.2	$\frac{2}{10}$
0.32	$\frac{32}{100}$
	$\frac{25}{100}$
	$\frac{9}{10}$
0.4	
0.67	
Challenge!	
0.02	
	$\frac{3}{100}$

Use the place value grids to help you solve the following.

Examples

$27 \div 100 = 0.27$

T	O	.	$\frac{1}{10}$	$\frac{1}{100}$
2	7	.		
	2	.	7	
	0	.	2	7

When Dividing the place value will get smaller so we move each digit to the right. When dividing by ten each digit moves one place to the right and when dividing by 100 each digit moves two places to the right.

T	O	.	$\frac{1}{10}$	$\frac{1}{100}$
