Andy Warhol

- Recap what we know about Andy Warhol. What was he famous for? Look at some of his artwork to remind them. What sort of art did he do? What art techniques did he use?
- Look at some superhero logos - what sorts of colours are used in them?
- Remind them of the prints we did with our leaves and the pictures of superheroes and Mickey mouse we did in the last couple of weeks.
- Pick a superhero logo - either one they know or one they have made up. Fold a piece of paper into quarters. In each box draw their superhero logo, trying to keep it as similar as possible in each version. Then colour using different primary and secondary colours using the Andy Warhol art as a guide.
