

Name: _____

Due in: 30.11.20

WB: 23/11/20 Y2 – Number and Arithmetic Homework

$$7 + 7 = \underline{\hspace{2cm}}$$

$$20 - 11 = \underline{\hspace{2cm}}$$

...3, 13, 23, , ,

 , ,

...99, 89, 79, , ,

 , , ,

$$2 + \underline{\hspace{2cm}} = 10$$

$$\underline{\hspace{2cm}} + 8 = 20$$

$$7 + 38 = \underline{\hspace{2cm}}$$

$$72 - 6 = \underline{\hspace{2cm}}$$

$$65 - 40 = \underline{\hspace{2cm}}$$

$$30 + 42 = \underline{\hspace{2cm}}$$

$$\underline{\hspace{2cm}} = 23 + 46$$

$$66 + 28 = \underline{\hspace{2cm}}$$

$$52 - \underline{\hspace{2cm}} = 32$$

$$14 + \underline{\hspace{2cm}} = 54$$

$$\underline{\hspace{2cm}} = 68 - 25$$

$$47 + 26 = \underline{\hspace{2cm}}$$

$$38 + \underline{\hspace{2cm}} = 45$$

$$67 = \underline{\hspace{2cm}} - 7$$

Find lots of interesting ways to make.....
