

Name: _____

Due in: 14.12.20

WB:07.12.20 Y2 – Number and Arithmetic Homework

$$8 + 8 = \underline{\hspace{2cm}}$$

$$20 - 6 = \underline{\hspace{2cm}}$$

...6, 16, 26, , ,

 , ,

...72, 62, 52, , ,

 , ,

$$7 + \underline{\hspace{2cm}} = 10$$

$$\underline{\hspace{2cm}} + 2 = 20$$

$$7 + 38 = \underline{\hspace{2cm}}$$

$$74 - 7 = \underline{\hspace{2cm}}$$

$$64 - 20 = \underline{\hspace{2cm}}$$

$$38 + 50 = \underline{\hspace{2cm}}$$

$$\underline{\hspace{2cm}} = 33 + 45$$

$$27 + 56 = \underline{\hspace{2cm}}$$

$$87 - \underline{\hspace{2cm}} = 67$$

$$53 + \underline{\hspace{2cm}} = 83$$

$$\underline{\hspace{2cm}} = 45 - 27$$

$$57 + 36 = \underline{\hspace{2cm}}$$

$$68 + \underline{\hspace{2cm}} = 75$$

$$51 = \underline{\hspace{2cm}} - 5$$

Find lots of interesting ways to make.....
