 - Can you use 3 pieces of Numicon to make a total of 11?
 - Explore with other numbers eg use an 8 piece of Numicon and find 2 different ways to make a total of 8?

DRAWING CLUB - ENGLISH

- **Objectives:**
 - Use some of their print and letter knowledge in their early writing.
 - Draw with increasing complexity and detail, such as representing a face with a circle and including details.
 -

Choose **one** of the following each day, or you may think of your own ideas:

- *What different character could need to make new houses? Maybe a monkey, or a mouse, or a jellyfish, or a little blue alien.
- *Can you change the character that tries to knock the houses down? This could be a lion, or a cat or even a shark?
- *if you were one of the 3 little pigs (or your new character), what would you make your house out of? e.g. a house of sweets/ sand/ spaghetti/ cardboard
- *Maybe the wolf (or the creature of your creation) wanted to visit the pigs for a different reason: what could that be? Maybe he had a cold and wanted to borrow some tissues, maybe his water had stopped working and he wanted a shower, maybe he had received a big hamper for Christmas and wanted to share with the pigs!

Model a quick drawing of what we could do to change the story, thinking of extending your child's vocabulary by using words they might not already be familiar with.

Then ask your child to think about how they would like to change the story. They will first need to draw a picture, then ask your child to add labels as appropriate using letters and sometimes symbols- **See 'drawing club examples' in resources.**

- Watch Let's Play: Police Officers: <https://www.youtube.com/watch?v=WPiFyEt3ry4>
