The inflatables were an fantastic idea and for £4 is was great value. My daughter spent most of her time playing on them.  
 We also enjoyed the enchanted forest what a lovely idea my daughter really understood the meaning behind the games and loved to solve the puzzles.  
 Also would like to thank the lady doing the face painting it's always a popular but it was worth the wait.

Needed more help on the inflatables. Maybe have age rated ones next time.

Lacked atmosphere compared to previous years. Didn't feel there was as many stalls or things going on. One child just played football the whole time he was there. Before there had been lots more activities. An I've cream van, sweets for sale not just the tombola. The bar ran out of drinks. Went to buy bbq later in the evening and was told all that was left was reserved.  
 Didn't head big fuss or announcement for raffle as before. Just felt empty.

Great event 🐝

To be better informed about the chips that could have been bought

What a great job! Everyone had a great time.

The only thing I would say I don't know if there was any veggie option for the food BBQ.

Perhaps charge a flat fee for entrance and include entry to certain games, 1 drink at the bar etc

Pre order inflatable bands maybe a week before to avoid having to queue. Marques to sit under

Make it easier to buy tokens by making them available from more stalls.
